RF2-HC

The High Efficiency Freezer Solution

You will appreciate the attractive professional aesthetics of these units which will add curb appeal to any type of business. Our **EBRF Reach-In Freezers** are featured with a heavy duty 304 stainless steel floor, 430 stainless steel exterior door, front panel, & interior walls, self-closing lockable doors, digital controls with a LED readout and foamed in place polyurethane cell insulation.

These **Reach-In Freezers** have a high-efficiency CFC free insulation to ensure that the freshness of produce, meats, and dairy and other foods is maintained at optimal freezing temperatures. The **EBRF** also features an electronic thermostat with a digital LED temperature display for precision control of the freezers temperature. With its durable construction and advanced freezing technology, the **EBRF Reach-In Freezers** are an essential investment for bakeries and restaurants alike, promoting food safety, minimizing waste, and ultimately contributing to the success of culinary endeavors.
